V SERIES HOME GYM
[V] SERIES HOME GYM

The unique V Series by HOIST® features 64 different configurations to accommodate every lifestyle. Engineered with users in mind, the V Select Series and V Elite Series provide you with the flexibility to customize your home gym to your own needs and achieve your personal fitness goals.

Sleek and attractive, the compact design of the V Series Gym requires minimal floor space allowing you to maximize the efficiency of performing one exercise to the next.
Patented Radial LOC® weight system reduces shifting between weight plates for smoother exercise movements.

Wide groove pulleys on high, mid, and low cable stations provide greater range of motion and longer cable life.

Split Weight Cabling™ increases cable travel and delivers 50% resistance to mid and low pulley exercises.

Fully enclosed weight stacks with steel vented shrouds for noise reduction.

Solid stainless steel guide rods and durable marine grade upholstery contributes to longer machine life.

Compact design requires minimal floor space.

2.5/5 lb. add-on weights for smaller increases.

Instructional DVD demonstrating a variety of exercises (V-Premier base frame not included).

Exercise poster showing proper form and exercises.

Integrated accessory rack that includes:
- Two adjustable strap handles for varying user sizes
- Curl bar and lat bar made from ultra-lite aluminum
- 14-link chain to ensure proper range of motion
- One padded ankle and thigh strap for leg exercises
- One ab strap for abdominal exercises

Thinking about adding Cardio product to your home gym? Check out our line of innovative Indoor Cycling products at lemondfitness.com.

[MY] HOIST IPAD APP

APP FEATURES
- Hundreds of exercise photos and videos with detailed exercise instructions
- Exercise categorization (by muscle)

BODY METRICS TRACKING
- Track your body weight and metrics, and body progress. Export workout history.

WORKOUT ROUTINES
- Routines specific to your fitness ability (Beginner, Intermediate, Advanced)
- On the go, try our quick whole body workout
- Routines specific to your gym
- Build your own workout routines with supplied exercises

Patented leg station allows users to perform both leg extension and leg curl exercises from the seated position.

Self-aligning roller pads adjust automatically to accommodate varying leg lengths.

Multi-function back pad provides telescoping and tilting adjustments for enhanced upper body support.

Can be upgraded with the V Stationary Leg Press (VS-LP) or the V Ride Leg Press (VR-LP), and the V-HiLo Pulley (V-HILO).

See below for specifications.

It's not often something so simple does so much. Especially with such an outstanding outcome. From legs to arms, chest to back, every inch is sure to see results with the help of the V Series Gym, V Press Arms and these optional fitness attachments that connect directly to the main unit and add to your ever evolving workout needs.

[V1] PRESS ARM
- Follows a predetermined exercise path and features a range of motion adjustment to quickly and easily set for different arm lengths and beginning stretch preferences.

[V3] PRESS ARM
- Designed to mimic freeweight exercises.
- Features three dimensional exercise movements allowing users to perform flat, incline, and decline presses and fly exercises.

[V4] PRESS ARM
- The ultimate press arm combining the range of motion adjustment of the V1 with the user-defined exercise movement of the V3.
- Includes attachable strap handles to further increase exercise options.

* NOTE: Each V Series Home Gym comes with your choose of press arm. Each press arm sold separately. Prices will vary based on Press Arm model.
[V] SERIES ATTACHMENTS

[V] STATIONARY LEG PRESS
- Ratcheting back pad provides easy adjustment for varying leg lengths
- Swiveling foot plate that automatically self aligns during exercise
- Multiple positions for leg presses and calf raises

[V] HI-LO PULLEY
- 35 pulley positions designed to perform an array of upper and lower body exercises
- Unique integrated adjuster system allows for quick, smooth one-handed adjustments

[V] RIDE LEG PRESS
- Includes all of the features outlined with V Stationary Leg Press
- ROX technology makes the user part of the exercise motion for optimal biomechanical positioning and increased range of motion
